

MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes, taking into account the five categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU, as amended (“**MiFID II**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer’s target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels.

For the purpose of these Amended and Restated Final Terms, Condition 5(c)(iii)(D) of the Conditions of the Notes shall be deleted and Condition 5(c)(iii)(C)(e) of the Conditions of the Notes shall be deleted in its entirety and replaced as follows:

“Where SOFR is specified as the Reference Rate and SOFR Shift Compound is specified as the SOFR Rate of Interest Determination in the Final Terms in the respect of the Floating Rate Notes, the Rate of Interest for each Interest Accrual Period will be the rate of return of a daily compounded interest investment (with the SOFR as the reference rate for the calculation of interest) plus or minus (as indicated in the Final Terms) the Margin (if any) and will be calculated by the Calculation Agent on the Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\left(\prod_{i=1}^{d_0} \left(1 + \frac{SOFR_i \times n_i}{360} \right) - 1 \right) \times \frac{360}{d} \right]$$

Where:

“**d**” means the number of calendar days in the relevant Observation Period;

“**d₀**”, for any Observation Period, means the number of U.S. Government Securities Business Days in the relevant Observation Period;

“**i**” means a series of whole numbers from one to **d₀**, each representing the relevant U.S. Government Securities Business Days in chronological order from, and including, the first U.S. Government Securities Business Day in the relevant Observation Period;

“**n_i**” for any U.S. Government Securities Business Day “**i**” in the relevant Observation Period, means the number of calendar days from, and including, such U.S. Government Securities Business Day “**i**” up to, but excluding, the following U.S. Government Securities Business Day (“**i+1**”);

“**Observation Shift Days**” means the number of U.S. Government Securities Business Days specified in the relevant Final Terms; and

“**SOFR_i**” means for any U.S. Government Securities Business Day, the SOFR in respect of this U.S. Government Securities Business Day.

(a) For the purpose of this Condition 5(c)(iii)(C)(e):

If the Calculation Agent determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-

current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Floating Rate Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of a Benchmark Replacement, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) will have the right to make Benchmark Replacement Conforming Changes from time to time.

If a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, any determination, decision or election that may be made by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) pursuant to this Condition 5(c)(iii)(C)(e), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding absent manifest error; (ii) will be made in the sole discretion of the Calculation Agent, acting in good faith and in a commercial and reasonable manner or another entity appointed by the Issuer, as applicable; and (iii) notwithstanding anything to the contrary in the documentation relating to the Programme or the Notes, shall become effective without consent from the Noteholders or any other party.

Notwithstanding any provision of this Condition 5(c)(iii)(C)(e), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, or (ii) the Issuer determines that (a) the replacement of the then-current SOFR Benchmark by the SOFR Benchmark Replacement or any other amendments to the terms and conditions of the affected Notes necessary to implement each replacement would result in an MREL/TLAC Disqualification Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no Benchmark Replacement will be adopted by the Calculation Agent and the Benchmark Replacement will be SOFR determined as of the U.S. Government Securities Business Day immediately preceding the Benchmark Replacement Date.

“**NY Federal Reserve’s website**” means the website of the Federal Reserve Bank of New York (the “**NY Federal Reserve**”), currently at <http://www.newyorkfed.org>, or any successor website of the NY Federal Reserve or the website of any successor administrator of the Secured Overnight Financing Rate.

“**SOFR**” means, with respect to any U.S. Government Securities Business Day, the rate determined by the Calculation Agent in accordance with the following provisions:

- (i) (1) the Secured Overnight Financing Rate published for such U.S. Government Securities Business Day that appears at approximately 3:00 p.m. (New York City time) on the NY Federal Reserve’s website on the immediately following U.S. Government Securities Business Day; (2) if the rate specified in (1) above does not so appear, unless both a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, the Secured Overnight Financing Rate published on the NY Federal Reserve’s website for the first preceding U.S. Government Securities Business Day for which the Secured Overnight Financing Rate was published on the NY Federal Reserve’s website.
- (ii) if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred,
 - (X) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark

for the applicable corresponding tenor and (b) the Benchmark Replacement Adjustment,

(Y) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment, or

(Z) the sum of: (a) the alternate rate of interest that has been selected by the Calculation Agent or another entity appointed by the Issuer as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment.

“**SOFR Determination Time**” means approximately 3:00 p.m. (New York City time) on the NY Federal Reserve’s Website on the immediately following U.S. Government Securities Business Day.

“**Benchmark**” means, initially, SOFR; provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the SOFR or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement.

“**Benchmark Replacement**” means the first alternative set forth in the order presented in clause (ii) of the definition of “SOFR” that can be determined by the Calculation Agent or another entity appointed by the Issuer as of the Benchmark Replacement Date.

“**Benchmark Replacement Adjustment**” means the first alternative set forth in the order below that can be determined by the Calculation Agent as of the applicable Benchmark Replacement Date:

(i) the spread adjustment, or method for calculating or determining such spread adjustment (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;

(ii) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Spread Adjustment; or

(iii) the spread adjustment (which may be a positive or negative value or zero) determined by the Calculation Agent giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

“**Benchmark Replacement Conforming Changes**” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definitions of “Interest Accrual Period”, timing and frequency of determining rates with respect to each interest period and making payments of interest, rounding of amounts or tenors, day count fractions and other administrative matters) that the Calculation Agent or another entity appointed by the Issuer decide may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Calculation Agent or another entity appointed by the Issuer decide that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Calculation Agent or another entity appointed by the Issuer determine is reasonably necessary);

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof, where applicable):

(i) in the case of paragraph (i) or (ii) of the definition of Benchmark Transition Event, the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of such Benchmark permanently or indefinitely ceases to provide the Benchmark (or such component, if relevant); or

(ii) in the case of paragraph (iii) of the definition of Benchmark Transition Event, the date of the public statement or publication of information referenced therein; or

(iii) in the case of paragraph (iv) of the definition of Benchmark Transition Event, the date of such Benchmark Transition Event;

provided that, in the event of any public statement or publication of information as referenced in (i) or (ii) above, should such event or circumstance referred to in such a public statement or publication occur on a date falling later than three (3) months after the relevant public statement or publication, the Benchmark Transition Event shall be deemed to occur on the date falling three (3) months prior to such specified date (and not the date of the relevant public statement or publication).

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof, if relevant):

(i) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component, if relevant) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component, if relevant), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component, if relevant); or

(ii) a public statement or publication of information by the regulatory supervisor of the Benchmark (or such component, if relevant), the central bank for the currency of the Benchmark (or such component, if relevant), an insolvency official with jurisdiction over the administrator of the Benchmark (or such component, if relevant), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component, if relevant), or a court or an entity with similar insolvency or resolution authority over the administrator of the Benchmark (or such component, if relevant), which states that the administrator of the Benchmark (or such component, if relevant), has ceased or will cease to provide the Benchmark (or such component, if relevant), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component, if relevant); or

(iii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component, if relevant), announcing that either the Benchmark (or such component, if relevant) (i) is no longer representative, (ii) has been or will be prohibited

from being used or (iii) its use has been or will be subject to restrictions or adverse consequences, either generally or in respect of the relevant Notes; or

- (iv) the Benchmark is not published by its administrator (or a successor administrator) for five (5) consecutive Business Days, provided that if the Benchmark is SOFR, then SOFR (or such component) is not published by its administrator (or a successor administrator) for five (5) consecutive U.S. Government Securities Business Days;

“**ISDA**” means the International Swaps and Derivatives Association, Inc. or any successor;

“**ISDA Definitions**” means, in relation to a Series of Notes, the 2006 ISDA Definitions (as supplemented, amended and updated as at the date of issue of the first Tranche of such Series), as published by ISDA (copies of which may be obtained from ISDA at www.isda.org) or any successor definitional booklet for interest rate derivatives published from time to time;

“**ISDA Fallback Rate**” means the rate to be effective upon the occurrence of a SOFR Benchmark Transition Event according to (and as defined in) the ISDA Definitions, where such rate may have been adjusted for an overnight tenor, but without giving effect to any additional spread adjustment to be applied according to such ISDA Definitions;

“**ISDA Spread Adjustment**” means the spread adjustment, or method for calculating or determining such spread adjustment (which may be a positive or negative value or zero) that shall have been selected by ISDA as the spread adjustment that would apply to the ISDA Fallback Rate;

“**Reference Time**” with respect to any determination of the Benchmark means (i) if the Benchmark is SOFR, the SOFR Determination Time and (ii) if the Benchmark is not SOFR, the time determined by the Calculation Agent or another entity appointed by the Issuer after giving effect to the Benchmark Replacement Conforming Changes;

“**Relevant Governmental Body**” means Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Bank of New York or any successor therero.

“**U.S. Government Securities Business Day or USGSBD**” means any day except for a Saturday, Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

“**Unadjusted Benchmark Replacement**” means the Benchmark Replacement excluding the applicable Benchmark Replacement Adjustment.”
